Eric Cassell Born (1928), raised and educated in New York City; practised in internal medicine until 1998.
"I have loved medicine, sick people, doctors, and almost all else about medicine for a very long time....In 1971, a generous fate placed me on The Task Force on Dying at the Hastings Center. That literally changed my life, broadened my horizons, pushed me to become literate, and gave substance to a genetic predisposition to philosophy."

Albert Einstein (1879 – 1955) was one of the most recognizable mathematicians and philosophers of all time. He was a German-born theoretical physicist, most famous for deducing the theory of relativity and for his many aphorisms.
