We invite you to this Open Clinical Day to hear Integrative Medicine experts speak about the importance of combining conventional, lifestyle and holistic approaches to health and wellbeing.

This event is for Healthcare Professionals, CAM practitioners and Researchers who want clinical and evidence-based updates within a broad vision of healthcare.

You will gain 7 hours of valuable CPD which will transform your practice.

Speakers include our lead Holistic Doctors, Dr Elizabeth Thompson and Dr Duncan Still, as well as other experts and healthcare practitioners – all of whom are innovating and supporting their patients with holistic healthcare approaches.

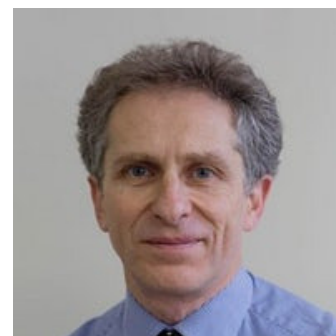

Dr Colin Dayan, Professor of Clinical Diabetes & Metabolism at Cardiff University, will start the day looking at Women's Health and Thyroid Issues.

Dr Elizabeth Thompson

Dr Duncan Still

Prof Colin Dayan
